Fish and Wildlife Resources

## Wild Turkey Summer Survey

Dear Cooperator:

Thank you for participating in the annual summer survey of wild turkeys in Kentucky! We use the information you provide to monitor long-term trends in wild turkey populations.

### Instructions:

- Record all wild turkeys seen during July and August (hens, poults, gobblers, jakes).
- Record each turkey or group of turkeys on a separate line (row) of the attached form. Examples:
  - You see a hen with poults during the morning and a hen without poults in the afternoon. Record the two observations on separate lines of the form.
  - You see two turkeys in a field but can't tell if they are females or males. Record them in the Unknown column.
  - You see a group of male turkeys. Record them in the Males column.
- Record turkeys every time you see them, even if you think you saw them before.
- Return surveys by email ([KyTurkey@ky.gov](mailto:KyTurkey@ky.gov)) or mail:

KDFWR  
Attn: Turkey Survey  
#1 Sportsman's Ln.  
Frankfort, KY 40601

*Thanks for your participation!*

# Kentucky Wild Turkey Summer Survey

All Turkeys Seen July 1st Through August 31st

Obs. #	Date	County	# Hens	# Poults	# Males	# Unknown Age or Sex	Comments
(Ex. 1)	7/1/2018	Logan	1	5	0	0
